BLOOD HUNT

THE DARKNESS CONTINUES...

Around the globe, superhumans with a connection to the **DARKFORCE DIMENSION** simultaneously lost control of their powers. The eruption blacked out the sun, creating an eternal night—which allowed vampires everywhere to launch a coordinated attack against humanity! Earth's heroes did their best to protect the innocent and control the chaos.

THE AVENGERS were tricked into allowing the **BLOODCOVEN**, a group of super-powered vampires, into their headquarters, the **IMPOSSIBLE CITY**. Fleeing, the Avengers were forced to leave a badly injured **THOR**, **BLACK PANTHER** and **SCARLET WITCH** in the hands of their new enemies. **BLADE**, the vampire hunter, met with **DR. STRANGE** and **CLEA** at their Sanctum, revealing that he is the mastermind behind the vampire invasion...and mortally wounding Dr. Strange!
